

SUNY College at Old Westbury
Department of Mathematics and Computer & Information Science

Mathematics Learning Center

Spring 2017

Hours*:	Monday	9:30 AM-7:00 PM	Room: Library
	Tuesday	9:30 AM-9:00 PM	Phone: 516-628-5622
	Wednesday	9:30 AM-7:00 PM	Director: Meryl Altabet
	Thursday	9:30 AM-9:00 PM	

Services

Tutoring: The Math Learning Center provides tutoring in all math courses except MA1010/1020, and in statistics courses offered by other departments. Help is available on a drop in basis. No appointment is necessary.

Textbooks and Answers: Answer books and textbooks for many math courses may be borrowed for use in the Center. A current Old Westbury ID is required. However, it is recommended that you bring it with you for reference when you come to the center.

Software: Students may get help completing their computer based assignments on Mymathlab, MathXL, Webwork and other software utilized in their math courses.

Worksheets: Worksheets are available on a variety of topics

Study Tips

Do not leave everything until the day before an exam. You will have the best results if you come to the Math Learning Center frequently. Work on one topic at a time, and try to master it before moving on to the next. Do not ask tutors to help you until you have looked at your assignment on your own, and completed as much as possible. Then ask for help on the material that you have trouble with. After getting help, go over the material and try to do a similar problem on your own before going on.

Before registering for a course, make sure you satisfy all prerequisites. If you have taken the prerequisite, but don't remember it well, review it before the semester begins or as soon as possible afterwards. You will get the maximum benefit from classes if you attend all classes, and do the assigned readings and homework on time.

*All hours are subject to change based on availability of tutors. Current hours are posted outside the Math Learning Center.
